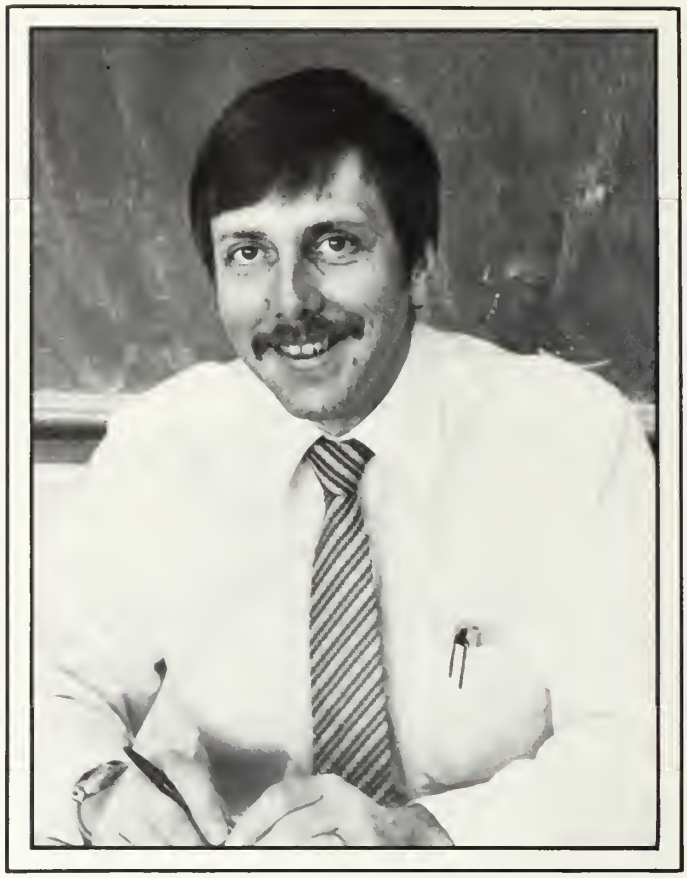
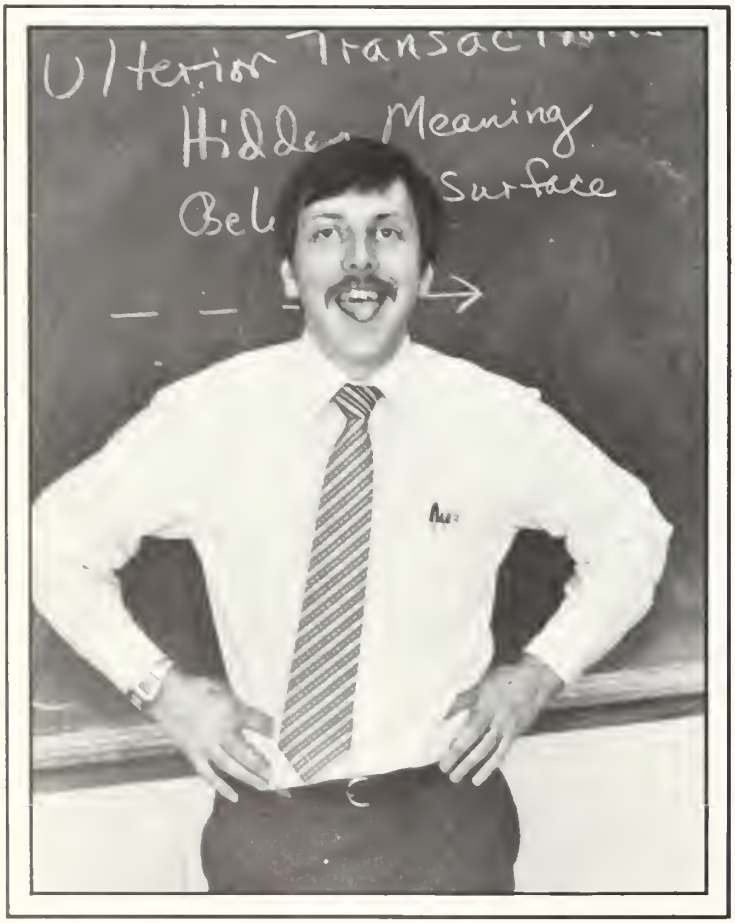
Dedication

When it came time for the yearbook dedication we thought of all the people at Masconomet who affected our class in a positive way. We came to realize that there were two individuals who stood above all the others in their own special way. One has affected our class as a whole, while the other has dealt with every member of the student body. We therefore would like to dedicate our 1982 yearbook to both Mr. Richard Meegan and Mr. Norman Soucy.

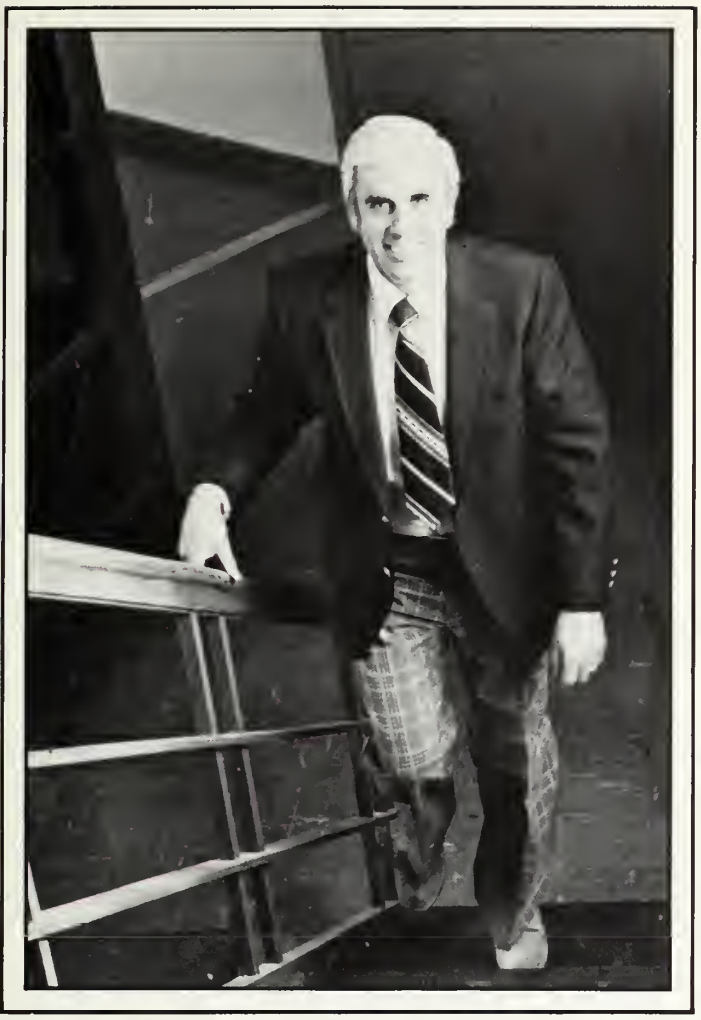




Mr. Meegan touched our class in a unique way. As freshmen and sophomores, not all of us realized the important role which he played in our class. However as junior year came to an end and senior year rolled around, we found that he had always been there looking out for our class's well-being. As our class advisor he played a crucial role in our success. As a teacher he gave us a new understanding of ourselves, and as a person he was our friend.

Therefore we would like to give one of our 1982 yearbook dedications to someone we owe many thanks to, Mr. Meegan.

Timothy Kastrinelis, Class President



Mr. Soucy could easily be called the single person at Masconomet who has touched each student individually. Whether it be a brief word of congratulations for a personal achievement or a warning of too many demerits, he has in some way reached out to all of us. Mr. Soucy can never be found sitting in his office daydreaming. He is a man of constant motion and activity, watching over all the students each day of the school year. Because of this, everyone is very much aware of his presence. Even beyond his daily job within the doors of Masconomet he is involved with school activities, attending everything from the football games to the theater productions. His job is not an easy one, yet as seniors we now realize the importance he has had in our days at Masconomet. He is always there when you need him and willing to help. Therefore we'd like to make our other 1982 yearbook dedication to Mr. Soucy. Thanks for your time and effort.

Sailing Away

I'm sailing away
Set an open course
For the virgin sea
For I've got to be free
Free to face the life
That's ahead of me

On board I'm the captain
So climb aboard
We'll search for tomorrow
On every shore
And I'll try, Oh Lord, I'll try to carry on

I look to the sea
Reflections in the waves
Spark my memories
Some happy, some sad
I think of childhood friends
And the dreams we had
We lived happily forever
Or so the story goes
But somehow we missed out
On the pot of gold
But we'll try best that we can
To carry on

— Styx —

In My Life

There are places I'll remember
All my life, though some have changed
Some forever, not for better
Some have gone, and some remain
All these places had their moments
With lovers and friends
I still can recall
Some are dead and some are living
In my life
I've loved them all

CHRISTOPHER JOHN STEPHENS
Heroism by order, senseless violence and all the pestilent nonsense that goes by the name of Patriotism — How I hate them! War seems to me a mean, contemptible thing: I would rather be hacked in pieces than take part in such an abominable business. And yet so high, in spite of everything, is my opinion of the human race that I believe this bogey would have disappeared long ago, had the sound sense of the nations not been systematically corrupted by commercial and political interests acting through the schools and the press. — Albert Einstein. Absolutely no regrets.

In Memory of Charlene Phaneuf

My Friend

My friend was near, my friend was dear,
she will always be remembered in my heart.
They say a friend is someone who knows everything about you and likes you anyway.
Today my friend is gone, I did not know her long enough.
I can only say I knew her long enough to love her dearly.
I will miss her severly.
For today my friend is gone and I alone must carry on,
for I know that she would have wanted it that way.
It is written somewhere that time heals all wounds,
but time seems to stand still since she's been gone.
I know the pain will pass in time, knowing still I will never forget her.
The word friend means a friend to the end. Goodbye, my friend.
I will miss you always and will love you forever.
'Til we meet again my friend, rest in peace.

Loving Memories

Your gentle face and patient smile
With sadness we recall
You had a kindly word for each
and died beloved by all.
The voice is mute and stilled the heart
that loved us well and true,
Ah, bitter was the trial to part
from one so good as you.
You are not forgotten loved one
nor will you ever be,
As long as life and memory last
we will remember thee.
We miss you know, our hearts are sore,
as time goes by we miss you more,
your loving smile, your gentle face,
no one can fill your vacant place.

Immortality

Do not stand at my grave and weep. I am not there. I do not sleep. I am a thousand winds that blow. I am the diamond glints on snow. I am the sunlight on ripened grain. I am the gentle autumn rain. When you awaken in the morning hush, I am the swift uplifting of quiet birds in circle light. I am the soft star that shines at night. Do not stand at my grave and cry. I am not there. I did not die.

Charlene was quiet, yet she spoke for what she believed in. She always challenged herself. She was my work partner, my friend. I have so many feelings yet so few words. I miss her, I loved her, and I consider myself lucky to have known someone as special as Chalene Phaneuf. *Robin Conway*

Her family was the most important thing in her life. She always had a kind word, and looked on the bright side. She lived, loved, and died all too soon. I am grateful I had the chance to be her friend. She is dear to me. *Cheryl Pollock*

She had all the qualities I most admire. She cared most about others. To honor her I can only follow her examples. She didn't cut anyone down. Charlene didn't wait around to live, but lived life to the fullest. *Andrea Panella*

"We've Got Tonight"

I know it's late, I know you're weary
I know your plans don't include me
Still here we are, both of us lonely
Longing for shelter from all that we see
Why should we worry, no one will care girl
Look at the stars so far away
We've got tonight who needs tomorrow
Let's make it last, Let's find a way
Turn out the light, come take my hand now
We've got tonight babe
Why don't you stay?

Bob Seger

Halloween Party

"So who was there?", my mother asked as
I walked through the door,
"Were there witches, warlocks, and a
whole lot more?"
"Yes, Miss Piggy, some pizza, a baby or
two,
the scarecrow with Dorothy and Oz was
there too!
Seems to me I remember one hippy or so,
the Bud man, some soldiers and Marilyn
Monroe.
There were alot more, I must admit,
a tea bag, a punker, and the Cousins It."
"Who else?", my mother urged with
sparked curiosity.
"Well, the Seven Dwarfs, Snow White,
Cleopatra, and Antony!
Broom Hilda with Nerwin, and Kleenex
was there,
some cavemen, bees, Superman, and even
a pumpkin was at this grand affair.
It was a great ol' time quite a bash, with
Dracula, a priest, the fly and some
trash!"
"Your costume was the best I assume?"
"Well, there was a good clown, and oh that
'bride' and that 'groom'."
There have to be more I said to myself —
oh, ya, the Rubik's Cube, convicts, a
construction worker, and was there an
elf?
With flappers there must have been pimps
along with the ants, a climber, Jolly Green
Giant, and wimps.
Our evening came to an end all too soon,
but don't forget the six-pack and the
raccoon.

The Class of '82 Goes to New York

Start spreading the news
I'm leaving tonight
I want to be a part of it, New York, New York
These vagabond shoes
Are longing to stray
Right to the very heart of it, New York, New York
I want to wake up in a city that doesn't sleep
And find I'm king of the hill
Top of the heap
These little town blues
Are melting away
I'll make a brand new start of it in old New York
If I can make it there
I'll make it anywhere
It's up to you New York, New York
New York, New York
I want to wake up in a city that doesn't sleep
And find I'm A-number one
Top of the list
King of the hill
A-number one
These little town blues
Are melting away
I'm gonna make a brand new start of it
In old New York
And if I can make it there
I'll make it anywhere
It's up to you, New York, New York

Senior Frolics '82

Incredible. We were two weeks behind. The second to last rehearsal produced a six hour show. The directors kept yelling (at least one of them did, but we won't mention any names . . .). The coaches wouldn't let kids out for rehearsal. The "Puritan Committee" went overboard on every detail! Anxiety, tension, and confusion. Was it worth it?

You bet it was.

Girls' chorus line and "Take off with us" were the best dance routines to come out of Frolics for years. Boys' chorus line was a riot. The impromptu hecklers and the last minute skits gave the show spontaneity — you (and Pam and I) never knew what to expect . . . The entire production was a mirror of our class!

Stage crew, set design, and chorus line directors deserve alot of credit for a great job. We have alot to be proud of, and "Frolics '82" was no exception. Those few short rehearsal weeks and two production nights have made memories that we, as a class, will never forget.

It was worth it. You are the BEST!

David Lyon Smith
co-director

Postscript: By the way, if I were you, I wouldn't feel too guilty about the "smut demerits". But I'm sure you don't.

It's time to come together!

Christmas Party

'Twas the Thursday before Christmas and most of the senior class
showed up at the Thompson Club all in a mass.
Underclassmen were home all warm in their beds
while we danced to the music and the beat in our heads.
We all looked so dressed up, lots of outfits were new,
how the time was spent while in them, if our parents only knew!
When the band started playing there arose such a clatter,
the teachers arrived to see what was the matter.
And after a while who in the room did appear
but Jeff Santa Claus but he forgot his eight reindeer.
He sat right down and said, "All have a seat."
but after two hundred students his legs did not feel neat.
Everyone brought a present and each received one,
some were delicious and others for fun.
After hours of dancing and talking a lot,
we all became tired and the room got hot.
So left the sitters, the talkers, and all frenzied dancers home,
the party ended and so must this poem.
So after we left, and were well out of sight
you could still hear us screaming Merry Christmas and have a wicked good night!

Masconomet Training Center

Friday is Papa Gino's day. The day everyone waits for all week. Well, maybe not everyone but a certain six Masco students. To Colin, Diana, Carolyn, Bobby, Mark and Lisa those nickels and tokens which buy their pizza each week represent their hard work.

Although there are no grades, tests, or report cards, Masconomet's Training Center is run quite similarly to any other classroom. The kids, under the direction of Rich Gilson and Babs St. Pierre, learn basic academic and pre-vocational skills which will help them later in life. Such things as assembly, sorting, number identification, and writing are just some of the tasks which the students work on each day.

Maybe everyone at Masco doesn't know them, but their smiling faces can always be seen throughout the halls. They work hard and everyone involved is proud of their accomplishments.

Backpacking Club

The Backpacking Club makes day trips in the White Mountains of New Hampshire, braving the elements climbing mountains, and braving Mr. Bast's driving to get there. In the past, we have encountered bad weather with 60 mph winds and freezing rain. This Fall conditions were excellent. In our trek up Mountain Osceola, we saw vibrant foliage on the lower slopes and snow on the peak. The view from up on top was breathtaking. Everyone had a great time; another trip is planned for the Spring.

Any Number Can Die

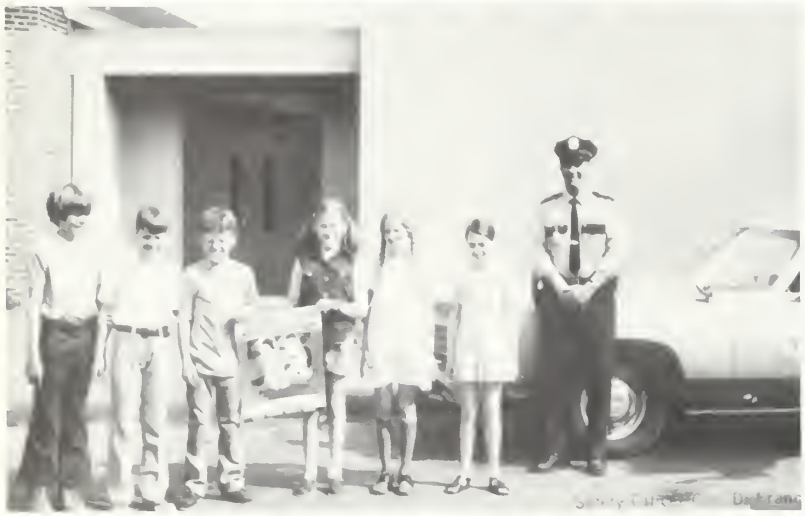
The action takes place at Raven's Head, a huge mansion located alone on an island. Taking place in the 1920's, the story is full of intrigue, reminiscent of a good dective novel. (Agatha Christie, maybe?) Led by the two able dectives, Hannibal Hix (David Smith) and Ernestine Wintergreen (Francesca Burns), the plot weaves around their attempt to discover the culprit guilty of the continuing murders. However as each character is killed, Hannibal and Ernestine find their suspect list being shortened. Intertwined also between the murders lies the old fashioned romance of Sally VanViller (Judy Hammerle). As the play comes to an end it is revealed that the butler did not do it, rather the judge Roger Masters (Ted Carlson) was the mastermind of this crime. Thanks to the work of the crew and the cast, the show was very well executed and enjoyable to watch.

Guys and Dolls

Police sirens wail, dice clatter to the floor, and the wild music of a Havana night club envelop the auditorium. The musical production is on its way. This year's show, "Guys and Dolls" has not yet been performed, but promises to be a success. Taking place in New York City, with a brief stop in Havana, "Guys and Dolls" is the story of two gamblers, a missionary sergeant, and the star of a hot box show. These leads being played by Gerry Mailley, John Keith, Kelly O'Leary, and Chris Legacki are both convincing and humerous. The excellent dancing of the gang and the hot box girls also adds to the intriguing atmosphere. Along with the creative sets already revealed by the crew and the lively music of the pit; the show is expected to follow in Masco tradition and be nothing less than a complete success.

School Days

If ever you think about the happiest days of your life
Cast back your mind for awhile
And remember the time when you were a child,
Don't think of things that make you sad,
Just remember all the good times that you had.



Do you remember only happy days,
Full of flaming Junes and summer holidays?
Or do you remember those stormy Novembers
When we walked in the wind and the rain?

School days were such happy days
Now they seem so far away,
I'll remember and I'll always treasure
School days were the happiest days of your life
But we never appreciate the good times we have
Until it's too late.

Now I wish I hadn't strayed,
And I'd go back if I could only find a way.
School days.

Summertime

And in the summertime, love
of our summertime loves,
not of people or boys —
heaven forbid! —
for our kisses were candy
and bubblegum innocence
but of freedom
and ice cream
and lemonade splashing down
dusty-dry throats
while our bodies, wet from running
through Niagra Falls,
which was really a sprinkler,
dried in the sun.
And our summertime loves
of skinning our knees
and tasting salt tears,
but we always recovered to scoot
for ice cream.
And we were young enough
to think we were old enough
to know it all.
Now in the summertime, love,
our summertime loves
are still lemonade on dusty-dry
days,
and ice cream that soothes knees
that aren't skinned.
But the sprinkler's only a sprinkler
now,
and we do look at boys —
heaven forbid!
And we're old enough to know
we'll never be old enough to know
it all.

Champaigny, France

On March 18, 1981, 28 nervous Americans took off from Logan Airport for Charles de Gaulle Aeroport in Paris. When the huddle of students were claimed at the school in Champaigny, they were scared. They had to rely on their education to get them through the next three weeks. Slowly, we began to speak French. We learned to think in French and get around in Paris. We suffered and laughed ourselves through Christoph's parties, the cafes, and losing Mr. G in Paris. None of us will ever forget the grenouille bus, the frogs, Grog, and the bread. We made new friends in a foreign country whom we'll always treasure. "A bientot France" was the thought on everyone's mind as the teary-eyed group left the airport to return home. We'll always remember France, it'll remain in our hearts forever.

Saarbrucken, W. Germany

February 5th-27th, a time period that will remain precious in the minds of 15 Masconomet students. The first day seemed to drag, and the last came too soon. The trip to Saarbrucken, West Germany was a learning experience about different cultures and different people. The memories will always be treasured: Ludwigs Gymnasium ... Bebelsheim ... Heidleberg ... Faschings ... little green & red men ... Konditorei ... really nice, really old Kirche ... Police ... Altestadt ... Karstadt ... gummy bears ... Braverei ... isn't she b ... POWDER PUFF

The class of 1982 once again dominated on the Powder Puff field. Last year they were the first junior class to ever beat the seniors: 3-0, and this year they completely destroyed the inexperienced class of 1983: 8-0.

Paula Stashis' awesome play at quarterback, along with a 65 yard run by Cheryl "Spi" Spiro made for a strong offensive attack. Tough defense by Diane Hardy, Kara Shannon, and Nancy "Motor Legs" Murray didn't allow the juniors to come close to the goal line.

All the girls would like to thank their dedicated coaches, Paul Johnson, Bill Yanakakis, Tim Collins, and Kevin Callahan. Good job guys!!!

Football

The Masconomet varsity football team encountered a very interesting season. The Chieftains finished the year with an 0-10 record. The fact that the team did not win a single game was quite a shame. However, the team highlighted its season with an "all out effort" on Thanksgiving day to get rid of any shame. New head coach Frank Guerra introduced the multi-flex offense this year and did a real fine job with the players. We would like to thank the All-Sports Boosters, our cheerleaders and the school for their support throughout the season. We would also like to wish our tri-captains Art Gregory, John Cowig and John Yanakakis and the rest of the squad good luck and a safe season next year.

Boys' Soccer

The Masconomet soccer team established themselves as the dominant force in the CAL putting aside any former doubts. Friend and coach Lenny Emmons led his tightly knitted Chieftains to their ninth title in eleven years by completing a 13-0 record. The first round jinx caught the Chieftains in a 110 minute 1-0 loss to Marblehead. The seasons highlights were: climaxing a perfect season by beating North Andover, tearing up the CAL tournament, placing six members on the CAL All-Stars, and being ranked #1 in DIV. II. Some of the guys who made it possible for a successful season were: Wele, Pete (Dave), Werdna, Bondo, Fat Pat, Gibby and the "Wolf-pack". The 1981 season was certainly a time of many ups with only one down, but the guys on this team will always be able to say they played on an undefeated team, and we were proud to lead them!

The terrific coaching of Mr. Murphy in the past four years has made Masconomet girls soccer known throughout the state as a soccer power. We ended our season at 14-3-1. All of our losses were to three time state champion Concord-Carlisle. Some highlights of our fun and awesome season were: . . . Bringing home the Nauset trophy for keeps . . . Beating third-seeded Dedham in the first round of states . . . Paula getting 106 goals and breaking all kinds of national records! . . . Being on T.V. (Channel 5 & 7) . . . And the one and only offside trap! Boys' Cross Country

Our 1981 cross country season proved to be one of many new experiences and triumphs. After eight of our top ten runners graduated, we devoted ourselves to work — unmatched by any other team.

With our new coach, Mr. Sinnot, we ran through all types of weather and all types of pain. Capt. Rob Nentwig, returning lettermen Tom Mullen and Ben Davis with coach Sinnot, led the team. This year we built strength that will help our future teams to many championships. Next year's captains, Tom Mullen and Ben Davis should prove to be fine leaders and strong runners.

GOOD LUCK!

Girls' Cross Country

For the third consecutive year, the Masco Girl's Cross Country team was the sole victor of the C.A.L. title. Having a record of 11-0 once again proved that Casey's Bunnies are the best! This year the team put forth a superb performance due to the persistance of coach Joe Casey and the determination of the girls. Many thanks to the Sports Boosters, our loyal fans, and especially Mr. Casey, for making our season the best. Good luck to all future Bunnies and next year's co-captains Amy Walsh and Nancy-Jane Johnson. May your reign coutinue.

Field Hockey

From double-sessions to the banquet, we all had to learn to work with each other. It was a long and lengthly process but we had great fun doing it. As do all teams, we had our ups and downs. Even with states out of sight we gave it our best. Each team was a new experience and we played hard to beat 'em. We didn't always experience the thrill of victory but we did know the satisfaction of our best effort. The biggest surprise to us all was the team spirit and we had it! Two thoughts for the Field Hockey teams to come: 1) If you don't have anything nice to say, don't say anything at all, and, 2) give each game your best shot and it won't matter if you win or lose.

Good Luck,

Volleyball

Although the team, co-captained by Sue Lane and Angel Fedullo, didn't have a terrific season, (we finished 4-7) we had lots of laughs with a lot of good friends. Many games were close and heartbreakers such as the games against Stoneham and Arlington. They went into the third set and lasted an hour and a half. We worked well as a team and we certainly had a lot of spirit, but it didn't quite work out. Our coach Harry Faust didn't understand it either but he kept us going. In spite of the season we will never forget the memories we had such as Dad (our coach), the army, target practice, magnum PI, and those dreaded practices.

Despite what the record shows, it was a winning season.

Golf

Once again the Masconomet Golf Team finished number one in the Cape Ann League. Led by seniors Joe Defeo and Pardon Dexter, the team dominated their opponents again and again with strong play in all six positions. We ended the season deadlocked with Amesbury with 12-1-3 records which tied us for the CAL crown.

The outlook for next season is very bright with captains Pat Murphy and Leo LePage. Once again at the helm will be our super coach Roger Lauzon.

Indoor Track

This year's Indoor Track team did not have the most successful season in terms of wins and losses, but if success is measured in terms of how hard each team member worked for his or her individual goal, we were very successful.

Bright spots this year were Dave Lewis' league and school record jump of 6'3 ¾" in the high jump and Tom Brown in the shot put. Next year the team will miss the leadership of these graduating runners: Brian Evans, Dave Peterson, Pete & Dave Cavanaugh, Rob Nentwig and Tom Brown.

Good luck to next year's captains Tom Mullen and Dave Lewis, and also to Coach Carletti. With any luck at all Tom M. won't run down another teacher (remember M.M.).

Hockey

Although the Masconomet Varsity Hockey team ended the season with a record of 2-14-2, the achievements stemmed far beyond what any record could tell. The loss of 11 seniors from last year's squad, meant that the Chieftains were young and inexperienced. Nevertheless, the team worked hard and refused to give up in any contest throughout the extent of the season. With great goaltending and a total team effort the Chieftains picked up their first victory of the season defeating Lynnfield 5-1. Avenging an earlier defeat, Masco topped Georgetown 3-2 in the season finale.

The team really learned alot about sportsmanship and the concept of sticking together. The seniors would like to wish the best of luck to next year's team.

Boys' Basketball

Coming off a 14-4 record and state tourney berth, the boys' basketball team returned only three lettermen. On paper, we had as much talent as any team in the league. When we played up to our potential, we won.

Our final record of 6-13 isn't to attractive, but we were rarely blown out against league powers. North Reading, then #2 in E Mass, came to Masco and barely survived with a 46-40 victory. We lost our season finale to North Andover (56-55 in OT) when a last second shot fell off the rim. We did manage a four game winning streak that included last minute victories over Triton and Amesbury. The seniors would like to wish Coach Casey and next year's captains Paul Singleton and Paul Gehr good luck.

Next year the team will be without three year starters Cheryl Spiro and Paula Stashis, but will have the great leadership of Liz Grady and Mary Sheehan.

We have lost a good friend and basketball player this season. Charlene Phaneuf was a great asset to our team and is missed by all.

Wrestling

Under the leadership of Coach Puleo and a returning core of experienced seniors, the Chieftain grapplers had yet another successful season. The team finished second in the C.A.L. with a 10-5 record. There were several outstanding individual performances, including Whitney Powers and Frank Crippen as Sectional Champions and Joe Tragert as a runner-up. Girls' Gymnastics

This year's gymnastics team was made up of determined and high spirited girls. A majority of the gymnasts were freshman and sophomores who were rookies, yet they helped the team along with their outstanding scores. Although we didn't win many meets this year, next year we will have a more experienced team — so look out! Special thanks go to Lisa Houlden and Wendy Gobeille, co-captains, for their help of leadership and to Jennifer Koiles, our manager, who attended all our meets and kept score for us. Most important of all, our thanks and appreciation to our coach, Lee Gilbert. Without her all of this would not be possible.

Ski Team

Snow, thought to be extinct in the Merrimack Valley, was plentiful this year which helped spur the girls on towards their unquestionable first place finish. The boys, backboned by many freshmen and sophomores, ended their season with a disappointing record of 4-6-0. Consistantly great performances by Chris Merrill, Sue Merrill, Barbara McAdoo and Mary Tara Ward qualified the girls for the State Races. Among the top racers for the boys were Bill Yanakakis, Kevin McAdoo, Peter Giger, and Erik Swain. With a few more practices, next year's team should prove to be a power house.

WE SERVICE WHAT WE SELL — ASK YOUR NEIGHBOR

In Memory of Bradley J. Meaney

Brad Man

Your smile was bright, your laugh was fun. Please God, take care of Brad.

It was all of us together, we made life worth living.
We were full of life's energy, always sharing and giving.
We have so many memories of you, like a well that runs deep,
but we'll have them forever to cherish and to keep.
Your face that laughed like the mid-morning sun,
you really were a beautiful one.
You stood by us all, "steadfast and true",
and you always came to our "emotional rescue."

Julianne Shepis

Brad Meaney died this morning and we all died a little with him. He liked to be called Bradman and would sign his school-work with a drawing of a little bat in a circle. That was his sign and I think everyone at Masco knew it just as they knew Brad or knew who he was. And everyone knew Bradman because he himself was a sign, an emblem. Brad was a spokesman, a focus for all the frustration, impatience, irreverence, movement, and music that go with being young, or remembering being young. Through him we all found a way to be alive, and so he became Masco's most famous student. He was a flash and a promise of style, an audacious, outrageous, charismatic star. And he was intelligent and kind. His dying leaves us all empty, impoverished, hungry for the spark he struck among us. I saw him last one day at the end of school. One hand high above his head, he flew, danced between the students in the corridor and sang to all who cared to hear, "I'm free! Free!" And he was, and that's how I'll remember him.

David Donavel

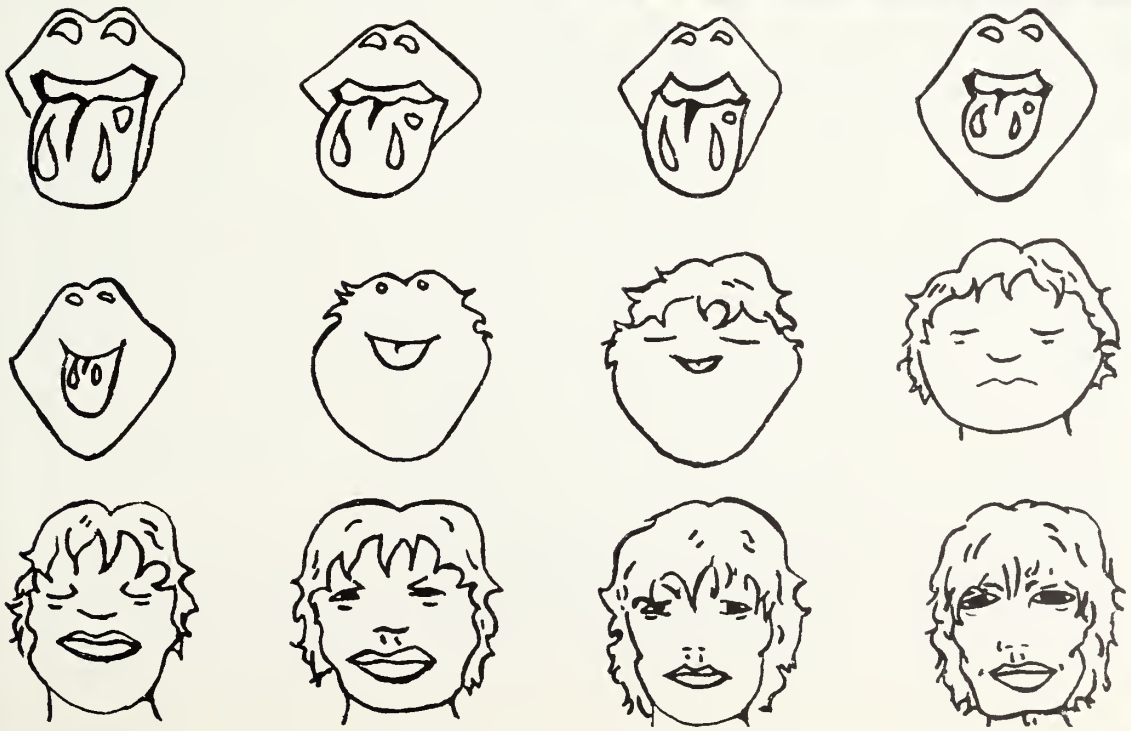
As I sit here thinking and looking toward the sky,
I can ask only one question and the question is why?
Why during the good times, the sad times, the laughter and the tears?
Why just a baby of only eighteen years?
I can wonder and wonder but the reason isn't clear,
and it really doesn't matter 'cause I just want to hold you near.
Not my friend! Not my buddy! Not the one who made me glad!
Not the one I've shared so much with. Oh please God, not my Brad.
I feel so empty now I don't know what to do.
I have to do something big, something just for you!
And as I gaze for an answer from places up above, I find the
biggest gift I can give to you is my never ending Love. I Love You! *Daren Epstein*

He was a beautiful person inside and out. A compliment to humans, without a doubt. It was an honor to know his face. His standards were high, and ones to chase. No matter what, it will never be right that the one we love is far from sight. We shall never forget you, Brad.

David Lowe

There are so many remainders of him. Such a rich, beautiful legacy of mischief, happiness, vital incredible energy. The memories will stay. The good times will stay. The fun will stay. And all we need to do is go back, and remember. There are so many fantastic memories.

Christopher John Stephens



Behind the book . . .

So here it is 6:25 AM the morning of the final deadline. We haven't slept since Wednesday night. As we struggle to pull together the loose ends of the 1982 MITOBO we tip over coffee mugs and reach for wine glasses. The floor is covered with paper and the radio is blaring "Shake it Up" to keep us awake. We may never catch up on the homework we've missed or the classes we've skipped but it's been worth it!

We've worked hard; we've spent endless hours but we'd do it all again because you're our class and this is for YOU.

Love,
Becky and May

Mr. and Mrs. Miller for leasing out the dining room
and to Scott and Dana for understanding and being there

I've been lately thinking about my life's time
all the things I've done and how it's been,
And I can't help believing in my old mind
I know I'm gonna hate to see it end.

And I have to say it now it's been a good life all in all
It's really fine to have a chance to hang around
Lie there by the fire and watch the evening tire
While all my friends and my old lady sit and pass the pipe around,

And talk of poems, and prayers and promises
Things that we believe in,
How sweet it is to love someone
How right it is to care
How long it's been since yesterday
What about tomorrow?
What about our dreams and all the memories we share?
